Mission Statement:

To design and build
high *quality* custom homes
while providing our
clients with uncommon
technical expertise,
uncompromising *integrity*,
and *superior* customer
service.

Olivera Construction believes that the experience of building your new home should be as superb as the home itself. From the moment you express interest in creating a new home, Olivera Construction works with you as your partner, from helping you develop a floor plan suitable to your needs, to making sure you will be happy with the outcome for years to come. By making your ideas and high expectations a reality, they make the entire process enjoyable. Backed by years of experience and vast technical knowledge, Olivera is the perfect choice for your new homebuilder.

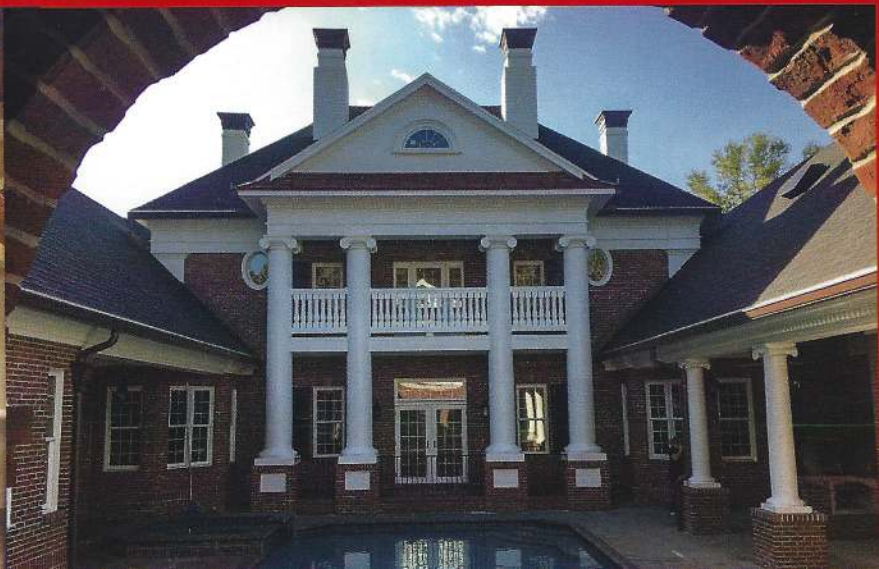

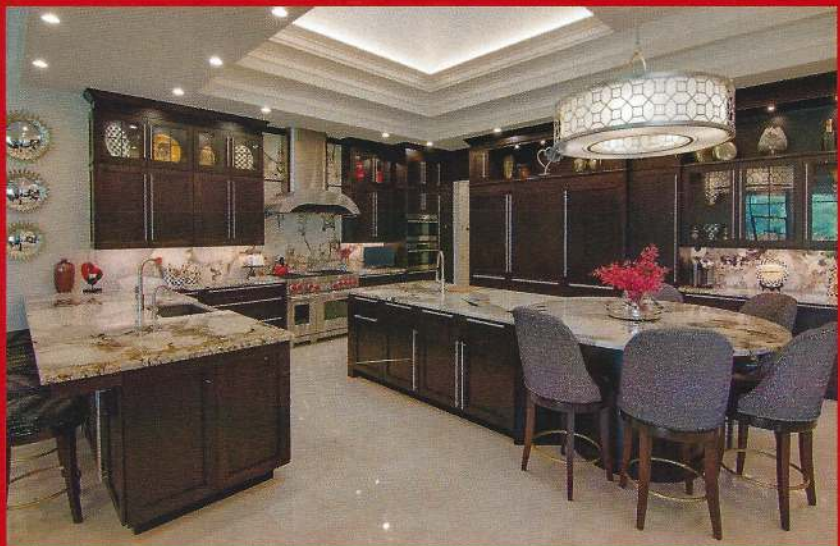

Established Reputation. Outstanding Service. Masterfully Crafted.

Phil J. Olivera of Olivera Construction, Inc. has been constructing quality residential homes since 1972. Operated by licensed Professional Engineers, Olivera Construction, Inc. is family owned and operated by father, son and son-in-law team, Phil J. Olivera, Phillip L. Olivera and Alex Stangl. Together, they personally supervise the construction of every home providing unsurpassed customer satisfaction and quality of construction. Their reputation stands for itself with the majority of referrals coming from previous customers. From remodels/additions to 10,000+ square foot custom homes , if you are looking for quality craftsmanship, distinctive ideas, and complete personal attention to every detail, Olivera is the builder for you.

*Building finer homes for over 45 years.
Welcome home...*
